ENGINE & TRANSMISSION

The boat is powered by a Engines Plus, 55 hp, 4 cylinder, marine diesel engine coupled to a PRM 150 hydraulic gearbox with 2:1 reduction, turning the propeller. The exhaust is lagged, silenced and vents out from under the side deck.

The engine powers twin 12v alternators to charge the start battery and the 3 leisure batteries.

WATER

Stainless steel water tank located beneath the well deck. Water pump with pressure switch is located adjacent to the tank. Twin coil calorifier is heated by the engine heat exchanger and/or the diesel fired central heating boiler.

HEATING

Heating is provided by the Webasto diesel fired central heating boiler running 3 radiators.

ELECTRICS

240v circuit from landline with RCD.
12v lights throughout protected by fuses.
2 x 12v, 80/110 amp/hr engine driven alternators.
1 x 12v, 110 amp/hr engine start battery.
3 x 12v, 1135 amp/hr deep cycle leisure batteries.
Sterling Pro Combi 2100w inverter/charger.

GAS

1 x 13kg Propane cylinder housed in the aft locker provides gas to the hob, oven and grill.

FIRE SAFETY

3 x 1kg Dry Powder extinguishers
1 x Fire Blanket

EXTERIOR FINISH

The boat was painted when built using quality coach enamels. The hull is protected by black bitumen, 4 anodes and a Sterling galvanic isolator.

PLEASE NOTE: The information contained in this brochure is based on our own inspection and information provided by the owner and is intended as a sales aid only to assist you to decide whether you would like to move to the next stage and view the boat for yourself. Measurements can only be taken as approximate. Nothing contained herein constitutes a contract or offer. This is not a survey. We always recommend that a full survey is carried out prior to purchase.
