Back of Beyond is a well-loved 42ft, narrowboat, built by Liverpool Boats in 1993 that has benefitted from a series of improvements by the current and previous owners. This includes an exterior re-paint in 2021, new batteries in 2023 and a solar panel to the roof. She was last out of the water for blacking in March 2025. She would make a versatile starter boat for cruising holidays, or as a compact live-aboard. The current owner has lived aboard her for the last 3 years. Viewing recommended.
